Because I teach a full load, I am **unable** to accommodate requests to reschedule lessons. The time listed above is reserved exclusively for that student. Any lessons you miss will **NOT** be rescheduled (and no credit/refund will be given). Lesson times are scheduled at the beginning of the fall term and typically students retain these times throughout the academic year. Of course, I will reschedule any lesson cancelled by the instructor (either during group lesson weeks or at the end of the term). Inclement weather cancellations will be made up either by a Skype/Facetime/video lesson (same day), There are **no credits** for missed performance/group classes. If you run into an unforeseen **ONE TIME** conflict (i.e., school concert, doctor appointment, field trip), you may try using the swap list (the up to date list with phone numbers will be found on my website). Any 'open' space on my schedule may be used as swap time, providing you check with me first! Any time not shown is when I am unavailable. Excessive absences may be grounds for dismissal from the studio. Please notify the studio as early as possible to report all absences. Thank you!
